CROSS-EYED TOMCATS NOT RARE Mary Ann O'Brien, of Bunker street is the owner of a cross-eyed cat named "Tom." She thought there was no other feline of the kind in Chicago and felt proud of her pet. A lew days ago the animal disappeared and all Bunker street was in mourning, as "Tom" was a favorite. Mrs. O'Brien waited sud waited, but the cat falled to come back. Then she offered a reward.

The next day the street was crowded with children of the ghetto carrying cats and kittens of all siz s, breeds and colors. So many cross-eyed cats had never before been seen in one collec-tion. Then came Benjamin Finklestein of Ewing street. Finklestein had also been the owner of a cat suffering from astigmatism and be is said to have averred it could see six different ways at one time. Like Mrs. O'Brien's cat, his soft-coated friend and pet had mys teriously departed. He asserted that there was but one really good-looking crosseyed cat and that was the one he owned named "Jake."

Finkles ein tried to convince Mis. O'Brien that she had secured possession of "Jake" instead of "Tom," and then the trouble began which ended in the two preferring counter-charges before Justice Dooley. The disputed cat was in court, but didn't seem to care who secured ownership. Several other persons in the neighborhood were in court to claim the same cat and the matter became so complicated his Honor threw the case out and advised the warring ones to fight it out in a civil tribunal.-Ohicego Daily News.

COAL AND WOOD

BY ELEVATING THE QUALITY of our coal we lower the price in economy of consumption. Consumers will find that it is cheaper to use our high grade Lee Coal, that has been screened and freed from slate at a stone, than that of an inferior grade. It gives more heat, less ashes and burns longer than any other coal, and our prices are as low as any. Coal and Wood under cover.
